

Preschool Classroom Times

February 2024

Mrs. Honchell, Mrs. Stempfley,
Mrs. Watson, Mrs. Seals &
Ms. Huston

February is going to be a fun and exciting month in preschool! We will learn about Dental Health, celebrate Valentine's Day and those we love, honor our nation's presidents and explore space. Mrs. Watson's 2 day and Ms. Huston's 2 day classes will also be the first to have their Grandparent's Day on Thursday, February 29th.

Art

The art center will be filled with hearts, stamps, and pink and red paper to create beautiful valentine masterpieces for those we love! We'll also add Popsicle sticks to art so we can create trees and cabins, just like Abraham Lincoln's! We can't wait to make our own rocket ships as we pretend to blast off into outer space!

Sensory

Our sensory tables will be filled with red white and blue strips of paper to practice our cutting skills

Discovery

Who is seated in the Lincoln Memorial on the back of a penny? Make sure you ask your child. We will be using our magnifying glasses in our discovery centers to get a better look at Abraham Lincoln!

Music

We will be listening to patriotic music in honor of our notable presidents being honored this month. Remember we are closed on Monday, February 19th for President's Day!
