March 2025

Dear Parents,

Happy St. Patrick's Day! If we are lucky we will catch a leprechaun! If not, we will hope for gold chocolates and a surprise visit! We will celebrate with our Grandparents this month and we will have fun with Dr. Seuss during our Read Across America week. We'll finish off the month with Dinosaurs and Easter and the start of our Spring Break! Do you have a favorite dinosaur? Is it a meat or plant eater? There is so much to learn.

Our letters this month will be Q, U, J and Z.

Book Center

Many books will be read and added to our book center this month. Beginning with Dr. Seuss, St. Patrick's Day, Weather, Space and finally Dinosaurs! If you have a favorite book, let us know!

Science

We will be doing various "weather" experiments this month and we will add all kinds of dinosaurs to Science Center

Dramatic Play

Menus, cookbooks and phone books have been added to our props and the children are already happily using them in many forms of dramatic play. This exposes the children to printed materials and also gives them a chance to get creative with their play. We will also add rain gear and sunglasses!

Art

We will be "seeing green" during the month of March! We will make lots of green projects including shamrocks. Children will use paint, crayons and various *SHADES* of green in art center. We will also continue to practice our cutting skills.

Dates to Remember

Grandparents Day

Honchell & Maccio PM March 4th

Maccio AM March 5th

Meyer March 6th

St. Patrick's Day Parties

3 Day Classes – Mon. March 17th

5 Day Classes – Mon. March 17th
