

Preschool Classroom Times

April 2025

Mrs. Watson & Mrs. Schubert
Ms. Suttmiller & Mrs. Seals
Mrs. Honchell

Spring has sprung! There is so much happening outdoors, it's a perfect time to learn about things that live in the great outdoors! After our Spring Break, we will start our study of different kinds of flowers, plants, and ponds. We'll even hatch our own butterflies! Our classes will be wrapping up our letters of the week; W, V, Y and X. What an exciting time to be at school!

Camp Colonial:

We are so excited for our upcoming preschool adventure- Camp Colonial! Your child will embark on a journey full of bear hunts, friendship bracelets, "spooky" campfire stories, and so much more! Campers are welcome to bring a small blanket labeled with their name to use for our campfire stories! We ask your student keep their bookbags home on camp days. Camp will be held on April 30th for 3-day and May 1st for our 2-day classes and Mrs. Honchell's 3-day PM class!

Sensory table:

Our sensory tables will become a place to experience all things gardening. We will add soil, seeds and gardening tools for kids to play with.

Art Center:

Art will continue to be one of our favorite centers with playdough, dot markers, water colors and painting.

Outside time:

With warmer weather approaching, we can't wait to spend more time outdoors! With that being said, please be sure to send a coat with your child as we go outside on days that are warmer than 32 degrees! Putting your child's name on the coat is a HUGE help to your child's preschool team. Don't forget to check their extra clothing for weather appropriate outfits.
