May 2026

April showers bring May flowers! We are winding down our school year but we still have lots of fun planned for May. We will be going Under the Sea and talking about summer vacations! We will also be taking a trip to Hawaii! Get those imaginations ready!! May will also bring ponds and frogs. And we can't forget Muffins and Me! We will end our school year discussing summer safety tips and also some academics we can practice over the summer. Our last day of school will be Tuesday, May 19th for all 3 day classes and Thursday, May 21st for all 5 day classes. We hope to see you at our PreK clap-outs on Tuesday and Thursday and Hanover Park on Wednesday and Friday that week! We hope everyone has a wonderful and safe summer. Hope to see many students at our summer camps! Happy Summer!

Discovery

We have been watching our caterpillars emerge from their chrysalis' as beautiful Painted Lady Butterflies. Wow! We will learn about ponds and frogs and see what real pond water looks like! Yuck!

Cooking

During our Vacation/Hawaii week we will be taste testing several different kinds of foods from the islands as well as more familiar favorites. It's always fun to try new things!

Art

We've been working on something special for our moms for Mother's Day. We will also be creating "under the sea" creatures with mixed art supplies. We may even create an underwater sea adventure class mural!

Dramatic Play

We'll continue to "cook up" delicious spring meals served on decorated tables complete with flowers.
